

RTS NOTICE

CHANGE TO THE ROUTE 15 TIME SCHEDULE

Effective October 29 to November 2, 2012

Beginning on Monday October 29, RTS will begin testing a new time schedule for the route 15. The test will last for one week and end on Friday November 2, 2012. The test will change the weekday service frequency on route 15 from every 30 minutes to every 35 minutes from noon to 6PM. Saturday and Sunday service will remain the same.

The new schedule should allow the route 15 to arrive at time points and the Rosa Parks RTS Downtown Station on-time and in accordance with the green printed schedule. RTS will be distributing **yellow** comment cards and **green** schedules during the test period, so please be sure to let us know how the new schedule affects your ability to connect with other RTS routes and reach your destinations on-time.

If the test is successful and if most of our riders agree with the schedule change, then RTS will seek to implement the new time schedule on Monday, December 31, 2012.

Please note that the route 15 hours of operation and the route path will remain the same.
